*Dear Colleagues,*

From **April 11 to April 13, 2024**, the IX Moscow international conference (workshop) «Transcendental turn in contemporary philosophy–9: metaphysics, epistemology, theory of consciousness, cognitive science and artificial intelligence, theology» will be held.

Faculty of Philosophy of the SAUH, Faculty of Philosophy of the RSUH, Foundations for the Humanities, SCMAI RAS invite you to participate in it.

**The workshop–2024** continues the series of thematic workshops “*Transcendental Turn in Contemporary Philosophy*” which were held in April 2016 (proceedings: <https://elibrary.ru/item.asp?id=29024766>), April 2017 (proceedings: <https://elibrary.ru/item.asp?id=30560011>), April 2018 (theses: <https://elibrary.ru/item.asp?id=35240888>), April 2019 (theses: <https://elibrary.ru/item.asp?id=39452678>, proceedings: <https://elibrary.ru/item.asp?id=41494716>), April/October 2020 (theses: <https://elibrary.ru/item.asp?id=44404439>), April 2021 (theses: <https://www.elibrary.ru/item.asp?id=47196636>; proceedings: <https://www.elibrary.ru/item.asp?id=48458596>); April 2022 (theses: <https://www.elibrary.ru/item.asp?id=49505613>; proceedings: <https://www.academia.edu/93905826/>); April 2023 (abstract: <https://www.academia.edu/110312036/>).

Perspective/scope of the conference. In his definition of transcendental philosophy Kant postulates shift (turn) from studying of objects to studying of [aprioristic] mode of cognition [CPR, B25] as «the altered method of our thinking» [CPR, BVXIII]. On the one hand, such transcendental turn leads to new metaphysics; on the other hand, the transcendental shift to studying of «mode of our cognition» predetermines influence of a transcendentalism on contemporary development of epistemology, cognitive sciences, and artificial intelligence.
