

## UVID 2025

### Conference: Artificial Intelligence in an Interdisciplinary Discussion

[Translation of the conference program]

Faculty of Arts, University of West Bohemia, 17th-18th October 2025

**Conference room A** = SP 319, Sedláčkova 214/15 | **Conference room B** = SP 309, Sedláčkova 214/15

Friday 17 <sup>th</sup> Oct.	
08:30-09:00	<b>Registration</b> Hall (3rd floor)
09:00-09:15	<b>Conference opening</b> Room A
<b>SESSION 1</b>	<b>Room A – Invited talks</b> Chair: Mgr. Jan Veselý
09:15-09:45	RNDr. Petra Vidnerová, Ph.D. (Institute of Computer Science, Czech Academy of Sciences) - Network text analysis using language models for mapping scientific literature
09:45-10:15	PhDr. Marek Urban, Ph.D. (Institute of Psychology, Czech Academy of Sciences) - ChatGPT as the best tool for learning (and its avoidance)
10:15-10:45	doc., PhDr. Vladimír Havlík, CSc. (KFI ZČU / Institute of philosophy, Czech Academy of Sciences) - Emergent properties of LLMs (CZ)
10:45-11:05	<b>Coffee Break</b>

<b>SESSION 2A/2B</b>	<b>Room A – AI, cognitive architectures and consciousness</b> Chair: Mgr. Radek Shuster, Ph.D.	<b>Room B – AI and society</b> Chair: Mgr. Tereza Matějková
11:05-11:35	Mgr. Jan Veselý (KFI ZČU) - Hume, AI, and cognitive architectures - Hume's conception of the mind through the lens of cognitive science	Bc. Eliška Hlaváčková (PsÚ FF MU) - Negative effects of using social chatbots (CZ)
11:35-12:05	Bc. Ekaterina Davitdaze (KFR UPCE) - Synthetic Subjectivity: AI and the problem of consciousness (CZ)	Mgr. Vojtěch Polívka (KFI ZČU) - Can a machine serve as remedy for male loneliness? (CZ)
12:05-14:00	<b>Lunch</b>	
<b>SESSION 3</b>	<b>Room A – Visiting talk, Invited talk</b> Chair: Mgr. Jan Veselý	
14:00-14:30	Jonathan Iwry, J.D. (University of Pennsylvania / Wharton Accountable AI Lab - USA / Harvard Law School) - Agents without agency: Legal responsibility for AI systems	
14:30-15:00	Ing. Michal Veselý (Freelance AI consultant, ex Seznam.cz) - The challenges of implementing LLMs in commercial practice	
15:00-15:30	<b>Coffee Break</b>	
<b>SESSION 4A/4B</b>	<b>Room A – Psychology, technology and AI</b> Chair: Mgr. Jaroslav Malík	<b>Room B – Philosophical reflection on AI</b> Chair: Bc. Miluše Kotišová
15:30-16:00	Mgr. Katarína Šoltis Smith (DYS-centrum Praha/ KPS FFUK) & Ing. Jan Husák (CIIRC) [speakers], Ing. Jaromír Doležal, Ph.D. (CIIRC), doc., PhDr. Lenka Krejčová, Ph.D. (DYS-centrum Praha) [co-authors] - Development and pilot evaluation of stimulus material for testing attention in a virtual reality environment (CZ)	Mgr. Alex Vigh (KFI ZČU) - Heidegger's thinking as a stimulus for reflection on large language models (CZ)
16:00-16:30	Mgr. Petr Mareš (KKNS UHK) - Technological singularity as a myth about the future of humanity (CZ)	Mgr. Jaroslav Štolc (KFR UPCE / KTF UK) - Philosophical reflection on human nature in the context of artificial intelligence taking over of rationality (CZ)
16:30-16:50	<b>Coffee Break</b>	

SESSION 5A/5B	Room A – <b>LLM, language and ethics</b> Chair: Mgr. Jan Veselý	Room B – <b>Ethics of AI</b> Chair: Bc. Miluše Kotišová
16:50-17:20	Mgr. Ondřej Drobil (ÚL FFUK) & Mgr. Eva Pospíšilová (ÚČJTK FFUK) [speakers], doc., PhDr. Jiří Milička, Ph.D. (ÚL FFUK) & Dr. phil. Anna Marklová (ÚL FFUK) [co-authors] - Do we know AI better than it knows us? The effect of feedback on detecting AI-generated texts	Mgr. Petr Jošt (KFSV UHK) - AI moral assistant: machine ethics in the context of moral enhancement (CZ)
17:20-17:50	Mgr. Tomáš Musil (ÚFAL MFF UK) - Beyond technological determinism: LLMs, understanding, and alignment (CZ)	Mgr. Jana Švadlenková (KFI ZČU) - Trust in AI: An ethical concept, a normative framework, or a cultural metaphor? (CZ)
17:50-18:00	<b>Coffee Break</b>	
18:00-18:30	<b>Closing of the first day</b> Room A	
18:00-22:00	<b>Dinner, networking, informal cultural programme</b>	

<b>Saturday 18<sup>th</sup> Oct.</b>	
09:30-9:45	<b>Opening of the second day</b>
<b>SESSION 6</b>	Room A – <b>AI and creativity</b> Chair: Mgr. Jan Veselý
09:45-10:15	Mgr. Jaroslav Malík (KFSV UHK) - Exposing AI co-scientist: Mapping the creative scientific reasoning of large language models
10:15-10:45	Mgr. Tereza Matějková (KFI ZČU) - How do we talk about AI and creativity? (CZ)
10:45-11:00	<b>Coffee Break</b>
<b>SESSION 7</b>	Room A – <b>Reflection on AI and its development</b> Chair: Mgr. Jaroslav Malík
11:00-11:30	Mgr., Mgr., Ing., Ing. Petr Heller (KTF UK / KAS MUP) - Determinants of artificial intelligence development in the US and China (CZ)
11:30-12:00	Bc. Miluše Kotišová (KFI ZČU) - Illogical, asymbolic, and subsymbolic AI... Really?
12:00-12:15	<b>Coffee Break</b>
<b>SESSION 8</b>	<b>Room A – Visiting talk</b> Chair: Mgr. Jan Veselý
12:15-12:45	MSc., BA. Arvin Obnasca (BeEthical, France / UNISS, Italy) - The Quiet Philosophy of AI Standardisation
12:45-13:00	<b>Conference closing</b> Room A
13:00-14:30	<b>Lunch</b>
14:30 - ...	<b>Informal cultural programme, visit to historical centre of Pilsen, other.</b>

**Note: The translator will be available for selected talks.**
