

Conference: Diachronic Emergence
Program

October 25

9:30-9:50 – Welcome

9:50-10:50 – **Peter Wyss** (University of Oxford)
“Emergence and Diachronic Identity”

10:50-11:10 – *Coffee break*

11:10-12:30 – **Alexandre Guay** (Catholic University of Louvain)
“The Nature of the Transformation in Transformational Emergence”

12:30-14:00 – *Lunch break*

14:00-15:20 – **Gil Santos** (University of Lisbon)
“Mechanistic Explanation of Interlevel and Flat Emergence”

15:20-15:40 – *Coffee break*

15:40-17:00 – **Karen Crowther** (University of Geneva)
“As Below, So Before: Synchronic and Diachronic Conceptions of Spacetime Emergence”

19:00 – Conference diner at “Café Feynsinn” (Rathenaupl. 7)

October 26

9:30-10:50 – **Paul Humphreys** (University of Virginia)
“Laws, Dispositions, and Transformational Emergence”

10:50-11:10 – *Coffee break*

11:10-12:30 – **Tom Lancaster** (Durham University)
“Topological Order in Classical Physics”

12:30-14:00 – *Lunch break*

14:00-15:00 – **Thomas Lodewyckx** (University of Antwerp)
“Diachronic Supervenient Emergentism”

15:00-16:20 – **Achim Stephan** (Osnabrück University)
“Diachronic Emergence: How Transformational is it?”

16:20-16:40 – *Coffee break*

16:40-17:40 – **Cyrille Imbert** (University of Lorraine)
“Diachronic Emergence: A Precise, Reasonable, and Applicable Proposal”
