

GREEN INTELLIGENCE?

Debating Plant Cognition

October 21-23, 2021

Thursday, October 21

- 13:00 Opening remarks
- 13:15–14:45 Paco Calvo (Murcia, ES): "Unmasking Plant Intelligence: Some Reflections on Overpromising and Underdelivering"
- 15:00–16:30 Fatima Cvrčková (Prague, CZ): "Plant associative learning - why we do not know (yet)"
- Commentator: Markus Wild (Basel, CH)
- 17:00–18:30 Todd Ganson (Oberlin College, US): "Not All Sensory Systems are Information Channels"
- Commentator: Tobias Starzak (Bochum, DE)

Friday, October 22

- 09:00–10:30 Gabriele Ferretti (Bochum, DE): "On Plant Affordances"
- Commentator: Silvano Zipoli Caiani (Florence, IT)
- 11:00–12:30 Carrie Figdor (University of Iowa, US): "What could cognition be, if not human cognition?"
- Commentator: Matthew Sims (Bochum, DE)
- 12:30–13:30 Lunch
- 13:30–15:00 Peter Schulte (Zurich, CH): "Borderlands of the Mind: Plants as Representational Systems?"
- Commentator: Dominique Hosch (Basel, CH)
- 15:30–17:00 Fred Keijzer (Groningen, NL): "Rainbow Intelligence? Looking beyond animals and plants"
- Commentator: Caroline Stankozki (Bochum, DE)
- 18:30 Conference Dinner

Saturday, October 23

09:00–10:30 Marc Artiga (Valencia, ES): “Communication and Deception in Plants”

Commentator: Adrian Wieczorek (Munich, DE)

11:00–12:30 Mohan Matthen (Toronto, CA): “Plants Sense but Only Animals Perceive”

Commentator: Anton Markoš (Prague, CZ)

12:30–13:30 Lunch

13:30 Social Program
